Add payment account

A payment account must be added before it can be used to process one-time or recurring payments. Payment accounts can be added automatically as well as manually. You can add multiple payment accounts, and edit or remove them as needed.

Add a payment account automatically

To add a payment account automatically: **Navigation: Pay Balance > Make a Payment**

Payment Accounts

Add New Account

- Add Automatically Link your institution to verify the account >
- Add Manually Enter your account details to verify the account >

Manage Existing Payment Accounts

To add the account you wish to pay your Visa from, select "Add Automatically" or "Add Manually".

If select "Add Automatically", you will be taken through a process to find the institution you wish to pay your Visa from.

If you select "Add Manually" you will need to input the following information:

- Select the account type - Savings or Checking
- Your member number
- The routing number of the financial institution - Noble's routing number is 321172510
- The first and last name of the account holder
